

H. Roe Bartle Scout Reservation

2024 CAMPSITE CAPACITIES

Camp capacities are based on DINING HALL CAPACITIES. The Campsite capacities will camp more Scouts/Leaders than the Dining Hall will accommodate. DINING HALL CAPACITY IS SET AT 500 which includes camp staff. Please come prepared with multiple options of sessions and/or camps. THE DINING HALL CAPACITIES ARE FIRM.

Please consider the size that your unit will be next summer when you arrive at camp. Your unit must be able to fit into the capacity of the Camp and Campsite (Campsites will NOT BE COMBINED) or it will be necessary to make changes.

Because of the conservation plan, we will not move additional platforms into campsites. Please understand that part time leaders are not guaranteed a specific seat in the dining hall.

All Leader cabins have been removed.

The capacities of each campsite are listed below.

Lone Star Camp Site Capacity		Sawmill Camp Site Capacity		Piercing Arrow Camp Site Capacity	
Apache	70	Sycamore	40	Long	100+
Cheyenne	50	Elm	40	Carson	26
Cherokee	50	Spruce	30	Collins	26
