

Winter Sea Camp

November 29-30, 2019: Theodore Naish Scout Reservation

Ship 7007

SSS Soaring Eagle
Overland Park, Kansas

Come to Camp Naish in **Bonner Springs just outside of the Kansas City** area on the Friday and Saturday after Thanksgiving for an introduction to Sea Scouts and the Sea Scout program! Check out our special programs to help you learn more about what we do and what you can do as a Sea Scout! Register with your unit for this great chance to camp and learn about Sea Scouts!

paulmcdonald@sbcglobal.net

This camp is open to Scouts BSA, Venturing, and Sea Scout units and members.

Merit Badge Program (Scouts BSA members)

We will offer courses for six merit badges at Sea Camp: **Bugling; Oceanography; Radio; Signs, Signals, and Codes; Weather; and Welding.** These badges are available specifically for younger scouts who have not reached the age of 14 and would be ready for Sea Scouts, but any registered Scouts BSA member can take the courses.

(This is a stock photo—there are no palm trees in Kansas!)

New Sea Scouts (age 14-20)

If you are new to Sea Scouting, the first rank you pursue is the rank of Apprentice. Our two-day **Apprentice Deep Dive** course covers most of the requirements and prepares you to become an active Sea Scout. You will learn sea courtesies, radio distress signals, state boating laws, and all that Sea Scouting has to offer.

Experienced Sea Scouts (age 14-20)

If you are an experienced Sea Scout (or Venturer), come out for the **Sea Scout Marksmanship Program.** This intensive study program will amount to essentially two days of marksmanship safety and practice. The program is tough and requires substantial discipline. If you are ready for this program, we are ready for you!

Adults (age 21+)

We will have special opportunities for adults to advance their scouting knowledge. Choose from the following programs:

- ◆ Emergency Preparedness BSA including Complete IS-100.c, Introduction to Incident Command System course
- ◆ Sit in on the Radio merit badge to study up for your Amateur Radio License
- ◆ Go to the range and shoot
- ◆ Visit with other Sea Scout, Venturing, and Scouts BSA Leaders to share ideas, trade patches, and swap stories
- ◆ Or... just relax! It's camp!
