2023 Klondike Derby

Snowshoe Hare Three Trails & Spirit Trail District

A Message from Snowshoe Hare:

Let's talk about the sled/toboggan, its purpose and composition.

Quite frankly a sled/toboggan is a tool to transport your patrol equipment around the course. There is no "Regulation Sled". Your sled can be a toboggan made from plastic or wood. Your sled/toboggan can be out of wood, PVC, plastic, stainless steel, downhill skis, cross country skis, titanium, carbon fiber, fiberglass, ash, oak, pine wood(s) or whatever material except materials that are dangerous to your health or materials prohibited by law. **Please do not attach wheels as to reduce injuries.** If you do not have a sled, give me a call and I will find a sled that your patrol/troop can use. NO Wheels on course!

For those of you that would like to make a sled I encourage you to Google Klondike Derby sleds, dog sleds and toboggans to seek out plans. The traditional Klondike Derby Sled available on HOAC website.

The Klondike is about demonstrating scouting skills in a round robin program setting. You earn points for your skill level that are added up and based on your total accumulation of points. Camping gear is selected by your Patrol Leader in descending order from all the patrols present at the closing ceremony. You must be present to receive your prizes. All Sleds are to turn in the Score Sheet at the Registration tent at the end of the day and come to the closing ceremony.

Staff, we need 50 to 60 staffers (Life or Eagles Scouts) or adults to staff the program towns, instructions will be given for the purpose, skill set and execution of the program town that you staff. Lunch is provided for staff at the Staff Program Registration area.

Think Snow and let us have a great Snowshoe Hare Klondike Derby.

Feel free to call Jim Salisbury at 816-868-0805 to be on staff, ask questions or just call for the latest update on Snowshoe Hare sightings along the course.

Thanks,

Jim Salisbury
