

The HONOR TREE!

Help Honor those who protect and serve by erecting an Honor Tree in the headquarters of your local law enforcement agency as a tribute to all officers who have gave their lives in 2019

First Done at the Johnson County Sheriff's Office in 2018 by Troop 218. The Scouts erected the tree and hand labeled the ornaments with the names of the 164 members of law enforcement who gave their lives to protect their communities. This work was done at the agency location so Scouts could interact with Deputies and begin the process of building a lasting bond.
