

Digital Saver

Tips & Tricks

How do I get started?

Go to HOAC-BSA.org/Scout-Saver and click “Start a Fundraising Page”.

This will navigate you to HOAC’s Raisy page. Just click “Join the fundraising team” and follow the prompts to create your page.

Copy your URL and email it to your parents. Ask them to send the link and a little info about your Scout experience to their friends.

Use the Facebook and Twitter buttons to share your link on social media.

How many memberships should I sell?

Annual Registration (\$99) - 16 memberships

Day Camp (\$70) - 11 memberships

Bear Camp (\$85) - 13 memberships

A Session at Bartle (\$360) - 56 memberships

Wolf Camp (\$75) - 12 memberships

Webelos Camp (\$155) - 24 memberships

A Session at Naish (\$250) - 39 memberships

How do I sell memberships?

Use your Raisy page to send emails and make posts on social media. If your friends or family members aren’t frequent users of email or social media, give them a call and ask them to get on and check, or shoot them a text with a link to your page!

Because you have your own personal link, they don’t need a code, or even your Unit number. As long as someone uses your link, you’ll get the credit for it!

Remember—the more people that see your link, the more memberships you’ll sell, and the more money you’ll earn!
