

Check out these Excellent Classes to Choose From:

High Flying Fun – Everything Airborne

If it launches, soars, or flies,
we'll learn just how to use it,
Airborne's where the fun will be,
you'll see fun ways to choose it.

We're talking about everything from paper airplanes to stomp rockets. Join us to make and fly an assortment of airborne activities and learn how to use it at a den or pack meeting.

LEGO Derby

Does Handy Manny have you when it comes to woodworking? Have you ever wanted to put on a derby that doesn't involve all the time and tolls necessary for a full-fledged Pinewood Derby?

Then our LEGO derby is just for you. Learn the skills necessary for pull off any form of derby from organization to operation. Leaders will have the opportunity to build their own LEGO derby car and then race it down the Scouter X track.

Putting the Fun in Fundraising

Fundraising is an excellent opportunity for scouts to continue developing skills in leadership, cooperation, team effort, resourcefulness, and community service. Learn tricks and skills to put on successful fundraisers that families are excited to help with.

Star Gazing

Cultivate a lifelong interest in the sky and in science by learning how to view the starry sky with your Scouts. Learn about the constellations, sky, and make your own star gazing device.

A Cub is Reverent

A scout is reverent toward God. A Scout is faithful in their religious duties and respects the convictions of others in matters of custom and religion. Learn about a Scout's Duty to God, Religious Emblems program, and how to incorporate Duty to God into den and pack meetings.

Keeping it Calm

Tips, tricks, and techniques to maintain your sanity and the sanity of those all around you, including your youth. [Conversations about meditation, relaxation, de-escalation, and good behavior mechanisms for youth.

Good Times with Games

All for one and one for all!
Working together and have a ball,
Games are more than just having fun,
You'll learn why when we're done!

Team building, Minute to Win it and Group Games all have fun in common, however, they also all have different purposes when it comes to Den and Pack fun.

Implementing and Enjoying STEM Experiments

Goo it, fizz it, glop it,
Dream it, build it,
Make it move, make it groove
Use your brain, nothing to it!

From how to do STEM experiments with Cubs to building a STEM go to bin, this class will make you want to dive into the fun world of building, dreaming, and doing that is STEM!

Cooking - Cub Style!

Time and fun are of the essence in feeding Cubs and this will be hands on with simple recipes that involve little to no specific equipment to pull off.

Practical Skills & First Aid for Cubs

Knots, knives, and flames and the first aid to take care of them.

Navigation & Geocaching

From Pokémon Go! back through GPS and geocaching to map and compass. Your cell phone isn't always going to work.

Performances that Pop! Skits & Storytelling

Gather 'round, while I tell a tale
Of an adventure, bold and true.
Let's act it out, make a skit or two
And perform it for me and you.

How do you encourage a cub to act in a skit? Or keep their attention while telling a story? We'll explore how to effectively tell stories, choose/write skits and encourage cubs to enjoy taking center stage.
